Notes from Margaret

School's out! We are gearing up for conferences and already making plans to help you get the new school year off to a great start. If you're in need of equipment updates or repairs, *now* is the best time to get it done!

Our **Performance Guarantee** ensures that your equipment is in excellent working condition and your staff is fully trained. Take advantage!

We would like to congratulate Dora Schools. At the National Leadership Conference in Orlando, Florida, their high school Parliamentary Procedure Team placed seventh, and their Presentation Management team placed *first* in the nation! Great job!

We'll be seeing you soon at upcoming conferences!

Margaret

Success Story

We had a great time at NMSBA's School Law Conference, meeting new folks and renewing old friendships. It's so rewarding to have School Administrators stop by to tell us how beneficial our VariQuest Visual and Kinesthetic Learning Tools and Fastback Binding systems have been for their teachers, students and staff. Thanks to Ricky Williams - Hagerman Schools, Sheryl McNellis-Martinez - Wagon Mound, Marvin Martin - Hondo and Audrey Powell - Dora for reaching out to us. Look for their success stories in up coming issues.

The majority of School Board members and School Administrators that we spoke to agreed that our new **Performance Guarantee** is an affordable and valuable service that will maintain continued success. The ability to maintain equipment for longer periods of time at a fixed cost, and periodic training assessments topped the list of reasons. Using the tools to generate profits was another favorite.
